

# TRIM SMARTER.

At VERSATEX, we make trim smarter. Our products are created from cellular PVC in the most state of the art manufacturing facility in the industry and with the highest level of quality, featuring a fully transferable *limited lifetime warranty*. If you know how to cut, rout, or nail wood, you'll know how to cut, shape, fasten, and finish VERSATEX using standard carpentry tools. We're also *NGBS Green Certified*, making us

#### WHY VERSATEX?

Because VERSATEX is created from cellular PVC, it is moisture and insect resistant, while still featuring the real cedar look and woodworking characteristics a fine builder or craftsman desires. The result is a product limited only by your imagination. VERSATEX is an ideal product for moisture sensitive areas, including those along coastal zones or regions affected by salt and high humidity. Most of the problems associated with wood trims are eliminated with VERSATEX. No more warping, cupping, or splitting — just a Trimboard with high aesthetic value for years to come.

- ✓ Can be used in direct contact with masonry
- ✓ Can be used in direct contact with moisture
- ✓ Does not require painting
- ✓ Weather resistant
- ✓ Resists insects
- ✓ Resists rot

## **OUR COMPANY**

VERSATEX is responsive, innovative and proven. Our focus is the cellular PVC trim market. Our strength is innovation and our ability to quickly bring new product solutions to market for our builders, contractors and architects. VERSATEX has a highly experienced management team with over 80 years of expertise in the design, development, production and sale of PVC building products. VERSATEX is a proven leader with an unmatched service platform and best-in-class product quality. We place a high value on listening to our customers and reacting to their needs, while remaining extremely approachable.

#### GET THE LOOK YOU WANT

We offer two finishes: Smooth Matte and Timber Ridge. VERSATEX Trimboards can be ordered either Smooth/Smooth or Smooth/Timber Ridge.

# MORE LIKE REAL WOOD

Timber Ridge is designed with a more natural surface texture to compliment fiber cement and cedar.

## **VERSATEX EDGES ARE "RIGHT"**

VERSATEX Trim is cut with a proprietary system to keep the edges "sealed," clean, and dimensionally accurate with true 90° angles.

#### THICKER OPTIONS

Our 1 <sup>1</sup>/2" Trim makes it easier to create thick pergola rafters, custom mouldings, and window casings.

Width	Nominal	3"	4"	5"	6"	8"	10"	12"	16"
vvidtr	Actual	<b>2</b> <sup>1</sup> /2"	3 <sup>1</sup> /2"	4 <sup>1</sup> /2"	5 <sup>1</sup> /2"	7 <sup>1</sup> /4"	9 1/4"	<b>11</b> <sup>1</sup> /4"	15 <sup>1</sup> /4"

8/4" (1 <sup>1</sup> /2" Actual)		•		•	•	•	•	

- Available in standard 12' and 18' lengths
- Custom lengths and widths available in "Smartpack" quantities
- Most thicknesses can be ordered reversible Smooth/Timber Ridge or Smooth/Smooth
- 1 <sup>1</sup>/<sub>2</sub>" thick Trimboards are subject to extended lead times
- Sizes also available in **PEE®NEAT** with a protective film applied; Check with your local retailer for availability

## SUPERIOR TOLERANCES

Through the use of the most up-to-date extrusion technology, we are able to control sheet thickness tolerances to half that of the competition. The result is a more consistent sheet, providing the fabricator high yields, less scrap and a higher quality finished product. VERSATEX Sheet products can be used in many different applications: pergolas, arbors, pediments, corbels, shutters, custom mouldings, and much more.

## THICKER MATERIAL

VERSATEX is the first manufacturer to produce 1 <sup>1</sup>/<sub>2</sub>" material, available in 48" wide Sheet.

- Custom lengths and widths available in "Smartpack" quantities
- 1 <sup>1</sup>/<sub>2</sub>" thick Sheet is subject to extended lead times
- 5' wide Sheets available in special quantities

## VERSATEX OFFERS MORE COVERAGE

Our standard Beadboard profile is a full 5 <sup>1</sup>/2" wide, creating a surface that provides 7% more coverage than our competitors. It is also the only PVC Beadboard that meets or exceeds UL580, class 90 wind gust uplift resistant, making it ideal for coastal applications.

#### STEALTH BEADBOARD

Our Stealth Beadboard features an extended leg to provide more reachable surface for nailing, thus speeding up installation without any unwanted damage. It also meets or exceeds UL580 class 90 wind gust uplift resistance.

#### **T&G PROFILES**

All VERSATEX T&G profiles are available in traditional 1/2" thickness and 3/4" thickness for those requiring up to 24" O.C. spacing.

# VERSATEX® Canvas Series

# **VERSATEX IN COLOR**

The VERSATEX Canvas Series has been developed to add contrast to your porch ceilings and interior trim projects. This innovation combines an exterior grade laminate featuring warm woodgrain finishes with long-lasting, maintenance-free VERSATEX WP4 and Crown Moulding profiles. Through the Canvas Series, VERSATEX delivers the look of rich hardwoods without knots and without labor-intensive re-staining requirements.

 Brown line represents wood laminate coverage on profiles

# CANVAS SERIES

Profile	Actual Width	16'	18'
WP4	3/4" X 5 1/2"		•
4" Crown	9/16" X 3 5/8"	•	

- Both profiles available in Black Cherry, Macore, Walnut, and Amber finishes
- Color-matched touch-up kit included with each order
- For unit quantities and handling guides, reference versatex.com/canvas-series

# EXTENSIVE LINE OF CORNERS

VERSATEX offers the most extensive line of corners in the industry. We're the only PVC trim company to offer custom 12' and 22' lengths, as well as nominal 10" wide Corners. We've made available both square-edge corners and our Stealth Trim System with 3/4" pockets, great for hiding virtually any siding product.

#### THE FIRST ONE-PIECE CORNER

As the most innovative and responsive PVC trim company, VERSATEX was the first in the market to create a one-piece corner. Unlike the two-piece corners offered by some competitors, which gather unsightly dirt along the outside edge, VERSATEX one-piece corners are not only aesthetically superior but easier to install and keep clean. VERSATEX corners will look as good ten years from now as they did right after their installation.

#### Length and Finish

# **EVERSATEX** CTRIM SYSTEM

The VERSATEX Stealth Trim System is designed with the builder in mind. Our system allows for faster and more aesthetically pleasing installations time after time. The <sup>3</sup>/<sub>4</sub>" pockets accommodate any siding product including fiber cement, cedar and vinyl, and our Stealth Skirtboard is the answer to meeting manufacturers' 6" ground, asphalt, concrete or deck clearance for fiber cement sidings as well as composite and wood sidings.

# STEALTH WINDOW AND DOOR SURROUNDS

# **VERSAWRAP**

## EXPERIENCE THE VERSAWRAP

At VERSATEX, we pride ourselves on coming up with innovative ways to make the builders' lives easier during installation. When we were asked to make covering wood posts more efficient with still improving aesthetics, we delivered the VERSAWRAP.

The unique design of VERSAWRAP features a product cut with pre-mitered grooves and friction fit joints. The joints are inter-locking with a unique design to allow for easy alignment and additional surface area for bonding.

#### SAVE TIME & MONEY

Now, instead of cutting four individual joints or miters in the field, you can wrap smarter,

with VERSAWRAP column wraps. No more field cutting and struggling to match seams. The VERSAWRAP line includes Classic and Raised Panel designs as a one-piece wrap with accessory options, and a four-piece Tapered design that includes Craftsman-style accessories.

#### GO BEYOND...

Our Classic and Raised Panel styles are created from a single piece of VERSATEX cellular PVC with three pre-mitered grooves that fold around the structural post and lock together with a friction-fit miter lock joint. Just apply your PVC glue, fold the VERSAWRAP around your structural column, secure in place, peel the tape, and walk away.

#### CLASSIC

Nominal Sizes	Actual Inside Dimension	Actual Outside Dimension

# **COVE PROFILES**

VERSATEX simply offers more. And we do more. VERSATEX goes out of the way to make sure you get the products you want – the way you want them. With our custom millwork solution VERSATEXURAL, we can create anything made-to-order, such as window surrounds, brackets, spires, railing systems, and more. Simply put, we do whatever it takes to make your life easier by removing your limits.

# **VERSATILITY AND VARIETY**

VERSATEXURAL allows you to create beautiful architectural elements such as corbels, trellises, cupolas, gazebos, window surrounds, decorative historic restorations, office buildings, and multi/ brackets, and rail-systems out of VERSATEX PVC. Armed with CNC routers, moulders, and a bevy of other high-end cutting and fabrication equipment, VERSATEXURAL can mill or mould virtually anything. Because the finished products are made from VERSATEX PVC, you can count on your creations standing the test of time.

## **ENDLESS OPTIONS**

We can fabricate for anyone: hotels, churches, store fronts, assisted living centers, dormitories, single family construction.

## **CUSTOM RAKE BOARD ASSEMBLY**

Residential builders and renovators can eliminate the hassle of on-site rake board assembly with VERSATEXURAL custom fabrication service. By combining stainless steel fasteners and a premium PVC adhesive, we can produce strong rake board assemblies.

YOU'RE NEVER LIMITED | VERSATEXURAL 24

VERSATEX rake board assemblies can be purchased in any width or profile, in two- or three-step configurations, made from 1" and 3/4" cellular PVC boards. Custom lengths are available to minimize waste.

## REQUEST A QUOTE TODAY

Receiving a quote for VERSATEXURAL services is quick and easy. Just visit versatexural.com, complete the request form with your project information and upload a detailed drawing. We will respond with any questions and produce a quote within an average of 48 hours, including price and production time. Production is managed by VERSATEX, and is usually completed within two to six weeks.

Complete your project with complimentary adhesive and joining products available directly from VERSATEX. Weld-On 705 is a fast-drying PVC adhesive that is available in clear or white, and it delivers a close color match to VERSATEX PVC. Biscuits created to perfectly match VERSATEX are also available for joining miters, frames, drawers, boxes, and more.

Please also refer to our Product Suggestion Guide, available at www.versatex.com/marketing-tools, for other products that are recommended by our technical experts and available through many retailers.

#### **DEALER SUPPORT**

VERSATEX offers POP displays and samples to our customers to help with merchandising their stores. If you are interested in getting these items, please contact your local distributor. If you need something custom, please contact the VERSATEX Marketing Department at 724.857.1111.

#### MARKET SMARTER

VERSATEX also provides marketing support to help promote dealer events, design advertising, support out-bound communications, and more! Contact us to discuss available options.

versatex.com | 724.857.1111

# WE'RE RIGHT THERE WITH YOU.

#### HOW VERSATEX GIVES YOU MORE:

- Product line designed for both esthetics and efficiency
- Industry-best lifetime warranty
- Products that are impervious to bugs and moisture
- Better paint adhesion
- Extensive technical support

FREE CONTRACTOR HANDBOOK APP

# **CONTRACTORS**

#### WE MAKE YOU THE EXPERT...

In addition to having technical experts available by phone, VERSATEX provides technical support through our complete online library of information. We also encourage you to download our **Contractor Handbook app** (available for Apple and Android) for easy reference while you're on the job.

#### ...AND WE REWARD YOU

#### The **VERSATEX Premier Builder app**

converts your purchases to rewards. Available for Apple and Android devices, Premier Builder includes an integrated photo upload function to easily submit invoices, which are converted to points in your account. Not only are points good for a wide variety of rewards, but your lifetime point history also determines your

program status.

- Points never expire, so you can save up for bigger-ticket items
- Status thresholds come with official certificates and badges, as well as tiered marketing support programs to help you sell your services
- Activity-based points are also available for things like watching training videos or attending events
- Additionally, the app will notify you of developments in your area – new stocking dealers, promotions, local events, etc.

Download the **Premier Builder app** & our **VERSATEX Contractor Handbook app** Available on the App Store and Google Play™

#### CONTRACTOR COLLEGE

VERSATEX takes the time to educate contractors on products and installation. Builders participating in our Contractor College course will leave with an in-depth knowledge of VERSATEX products and installation techniques, which means better results in the field and more satisfied customers. Everyone has questions, but luckily, VERSATEX will always find an answer. We make our contractors PVC trim experts, and we strive to help you Trim Smarter.

The Contractor College course includes:

- Product tips and knowledge
- Best practices during the installation process
- Free VERSATEX literature, product samples, and giveaways
- Free breakfast or lunch supplied by VERSATEX

#### VERSATEX ROADSHOW: SEE US IN ACTION

Our customized VERSATEX Road Show trailer is on the move, visiting dealers throughout the nation. We're excited to be working with nationally recognized deck, porch, and remodeling expert, Bobby Parks, to bring this rolling showroom to you! Roadshow events include interactive demonstrations, product info, and inspiration.

Contact us to find out about Road Show possibilities in your area.

# **CUT-TO-LENGTH ON ANY PRODUCT**

#### PARAMETERS:

- · Available for all sizes of boards, sheets, beaded profiles, stealth products, and corners
- Product can be cut to the desired inch and will be priced accordingly (length tolerance + <sup>3</sup>/<sub>4</sub>"- 0")
- Minimum requirement is half a unit of any one SKU (full rows required) length must be between 6'-24'
- Allow 3 weeks for delivery

#### SAVINGS ANALYSIS

**Example:** 14'6" Trim optimal for project

**60 pieces:** 1" X 8" X 18' Trim @ \$50.40 each (\$2.80 per foot) = \$3,024 **60 pieces:** 1" X 8" X 14'6" Trim @ \$40.60 each (\$2.80 per foot) = \$2,436

# \$588 Material Savings!

\*Prices shown as examples ONLY. Contact your sales representative for actual pricing.

\*Cut-to-width also available in certain cases

# ALSO AVAILABLE FOR VERSAWRAP!

- Four unit minimum required
- 96 piece minimum
- Available between 8' and 14' lengths.

# MIXED NUT BLENDED UNITS

#### TO CUSTOMIZE:

- Choose any ONE thickness of trim per Mixed Nut unit (Nominal sizes: 3/8", 1/2", 5/8", 4/4", 5/4")
- Calculate tallies by stack
- Stack heights never change (minimum one full stack per any SKU required)
- 3/8" = 33 pieces/stack
- 1/2" = 25 pieces/stack
- 5/8" = 20 pieces/stack
- 4/4" = 17 pieces/stack
- 5/4" = 12 pieces/stack
